

Families Give Thanks

How does a person begin to say thank you?

For the last eight years, our mother Rose was in the caring arms of United Hebrew. We have never known a more dedicated courteous and hardworking staff. The nursing skills bestowed upon mom were more than anyone could ever hope to imagine or experience. Not only was she in a safe and nurturing environment, but was genuinely loved by the staff. During these eight years, mom's caretakers were not just employees...they became family.

Whenever we visited mom, we were greeted by our names and were always treated with kindness and compassion. All of our concerns were addressed with the utmost respect and consideration. Often we were hugged and reassured that mom was in "good hands." Many times we were offered tea and tissues, kind words and prayers.

These are the memories we will always hold close to our hearts.

Our mother left us this year and we will miss her always. Our comfort lies in the belief that her life ended peacefully and in the best possible place.

We will never forget how hard the staff worked to make our mother's last days comfortable and meaningful. We will always be grateful and will never forget how blessed we were to have United Hebrew in our life.

From our entire family...a heartfelt thank you!

Sincerely,

Dear Ms. Nodiff,

I need to let you know and the staff at United Hebrew know, not many people and families are as fortunate as our family has been over the last six years. Having our prayers answered when there were no other options left in life for the care and well being of our senior relatives in a time of humanitarian need.

We have been blessed with not just once but twice by United Hebrew “miracles” through the faith, generosity and spiritual kindness of your efforts in a time and need when there were no more options left for the care of my last surviving senior relatives. I’m lost for words, emotionally grateful and could never repay or return the gifts given to me through the United Hebrew Home. “Gifts of life, care given to our family members at United Hebrew over so many fortunate years”

As you know my Aunt – Godmother Jennie spent the last living years of her life until she passed at United Hebrew Home. She lived her remaining wonderful years with a quality of life and dignity I will forever be grateful for. I am so grateful for the staff, nursing care and the amazing individuals whom provide such care and giving for the elderly in a time of need.

Recently the admission of my cousin Anthony is a second miracle that arrived again in a time of desperate faithful need. I’m lost for words, except to say I believe there is a faith, a purpose we all have in life. A life where there is a special purpose for great individuals like yourself and a special place in life for the United Hebrew Home.

That special purpose in life is the exceptional care, giving, and love the United Hebrew Home provides for so many lives in a time of need. The United Hebrew Home and you will always have a special place in our family prayers.

Our family can only thank you and United Hebrew with our faith and prayers that have been answered.

Blessings,

Carl & Ellen
