

United Hebrew Geriatric Center Names Vice President of Community Relations

New Rochelle, NY - (January 25, 2007) -- The United Hebrew Geriatric Center (UHGC) today announced that it has promoted Linda Forman to Vice President of Community Relations. Her previous title was Director of Community Relations.

Ms. Forman, who has been with UHGC for more than two years, is responsible for overseeing external affairs, including marketing, public relations, special events, fundraising and volunteer programs. Forman will develop and maintain relationships with strategic partners in her new role as VP of Community Relations.

"Linda has proven extremely dedicated to the advancement and growth of United Hebrew Geriatric Center. She is enthusiastic about her responsibilities and I look forward to working with her to take UHGC to the next level," said Rita Mabli, UHGC CEO.

Prior to joining UHGC, Forman served as Director of Community Relations at Sterling Glen of Rye Brook. She previously was Director of Senior Housing Development at Westchester Jewish Community Services. Forman resides in Edgemont with her husband and sons.

United Hebrew Geriatric Center is located at 391 Pelham Road, New Rochelle. For further information, call 914.632.2804 or visit www.uhgc.org.

About United Hebrew Geriatric Center: United Hebrew Geriatric Center (UHGC) is a vibrant not-for-profit, non-sectarian, multi-service senior living campus serving the Westchester metropolitan area since 1919. UHGC offers a rich array of skilled and community-based programs and services that encourages and supports a life of dignity and spirituality and promotes the highest possible quality of life. UHGC serves over 600 clients daily in its campus facilities -- Willow Towers, a 126 unit assisted living residence; a 270 bed Nursing Home; the 135 unit Low-Savin Apartments for seniors; a Long Term Home Health Care Program; and the Azor Home Health Agency. Its newest project, the renovation and expansion of its nursing home facility, combines world-class care with state-of-the-art features.
